

Create a budget

- Create a monthly budget based on your chosen career path.
- You must include “normal” bills
 - Rent/mortgage
 - Utility bill (electricity, water, etc...)
 - Cell phone bill
 - Cable/ satellite
 - 1 car payment
 - Car insurance
 - Health insurance (research the average cost per month of a 22 year old of your gender)
 - Food
 - Gas
 - Savings
 - Fun
- Write 5 sentences about what you learned from this.

Once you find the monthly pay take 20% out for taxes. Then use that number to complete your budget
