

# Research

- Research 2 different REAL examples of the American government's use of Price floors
  - For each one write the good or service that was regulated and 2 sentences explaining why the government decided this was necessary
  - Then 2 more sentences explain if you agree with the government decision or not and why.
- Research 2 different REAL examples of the American government's use of price ceilings
- For each one write the good or service that was regulated and 2 sentences explaining why the government decided this was necessary
- Then 2 more sentences explain if you agree with the government decision or not and why.
